Flyer to arrive in mailboxes in coming days

Quesnel - North Cariboo residents are urged to check their mailboxes closely in the coming days for a mailout regarding the North Cariboo Multi-Centre. The four-page flyer includes information about costs, location, design, parking and voting.

Residents living or owning property within the North Cariboo Recreation and Parks boundary go to the polls on Saturday Nov. 15 to determine the future of the Multi-Centre project. The Cariboo Regional District and City of Quesnel are committed to providing the information taxpayers need to know in order to make the decision that's right for them.

An extensive communications plan developed by the Multi-Centre Communications Working Group is in place that will use tools such as public meetings, advertising campaigns, website development and e-mail blasts to get the information to as many people as possible.

The community-wide mailout, however, is one of the few tools that is sure to make it to every household and business. This is why it is very important for people to take a few minutes and read the document.

More information regarding the public information process will be released over the next two weeks, including details around an upcoming telephone survey, the schedule of public meetings and basic voting information.
